

CORAL

COLLECTION

The Coral collection of display fittings are manufactured to the highest quality and will help you show off your merchandise to its best. The display pieces can be used in your window or in store cabinets and as shown here in this beautiful stone clad base stand alone display tower, show off the finest pieces of jewellery the way you would wish to present them. The Coral collection can be purchased alone or should you wish to invest in the display furniture then the display units are also available. In store display and presentation of your merchandise is so important as you strive to achieve higher sales. This in store stand alone unit with its stone clad base tower and glass top display cube will help you achieve this.

For full details and specification of the display tower unit illustrated here. Please refer to the enclosed specification sheet titled Imperial collection.
