

# JADE

COLLECTION

*The in store counter display system is a vitally important part of your store. To help you achieve maximum sales of your merchandise we have developed a flexible display range that will work well in your counter. The Jade collection is stylishly finished in a conservative way to show off the finest jewellery pieces to their best. The Jade collection looks even more stunning when used in our stone clad counter display units, all items including the counter units are available from HIPC.*

*For full details and specification of the counter unit illustrated here. Please refer to the enclosed specification sheet titled Imperial collection.*
