

# QUALITY POUCHES & WRAPS

*Pouches and Wraps both make a fine presentation for the jewellery contained within and also help keep the pieces contained clean and in good condition when used both for storage and when travelling. Available in a variety of fabrics and materials and product design. Please look further at some of the items available.*

*Shown below are three options of many available designs of private jewellery travel pouches that your customers will find useful when travelling with their jewellery items. An interesting accessory to have available when customers make the request which surely from time to time they will.*
